

Lets us hear your views

Rechargeable Repairs

Ferguslie Park Housing Association are seeking your views on the proposed introduction of the Rechargeable Repairs Policy.

Rechargeable repairs can occur where there is a need for a repair which is the tenant's responsibility (i.e. as a result of vandalism, negligence, destructive actions by the tenant or visitors to the property or where no action by the Association could result in serious damage to the property and/or neighbouring homes) the Association will arrange the repair and potentially recharge for the work undertaken.

You can give us valuable feedback by completing our survey
