## National Panel of Tenants and Service Users

## Add your voice, help us improve services...

## Would you like to help improve social landlord services in Scotland?

The Scottish Housing Regulator (<u>www.housingregulator.gov.scot</u>) protects the interests of tenants and other users of Council and housing association services. The National Panel is one of the ways we can hear from tenants and people who use social landlord services and make sure we focus on the important things.

Panel members receive occasional surveys and invites to take part in other feedback exercises. As a member, you can share your experiences and views on various issues affecting social landlord services. Participation is always optional, and you can leave the Panel at any time.

Membership is open to Council and Housing Association **tenants**, people who have used **homeless services**, homeowners who receive social landlord **factoring or common repairs**, and people living on social rented **Gypsy/Traveller sites**.
